

Jesus must have been encouraged by His mother and Veronica, and Simon's strength surely lightened the load of the Cross. But the rocky road, the heat, and the whips of the soldiers are too much to bear — and Jesus falls again, the Cross again crashing down to crush Him.

Letter Jumble

TUESDAY

DAY 24

Today you need to “crack the cryptogram code” below.

How does a cryptogram work? Each letter in the alphabet is replaced by another letter. Once you figure out which letter has replaced which other letter, you will find the code is easily broken.

To help you on this one, here are two clues:

1. The quotation is from the Old Testament in the Bible. In fact, it is one verse from one of the prophets—but we won't tell you which one!
2. The letter “W” in the cryptogram code replaces the letter “T” in the solution. We didn't fill them in for you—so the first thing you do should be to put “T” in the solution space above all the “W’s”!

Then, the rest is up to you. Have fun!

W C W F F B F N A S O L F N C C W X U W K

X U S O, N K E C J W X S W X M B P K X U S W J

U S N J X D; W C W F F Y S X U S W J R P E,

N K E X U S L D U N F F Y S O L B S P B F S.

The source of this Bible verse is also in the same cryptogram code. Fill it in below:

Book: Q S J S O W N U Chapter: X U W J X L - P K S
